Education

Bachelor of Science, Majoring in Computer Science

The University of Auckland, City campus

Degree completed in [2018 - 2020], with a cumulative GPA of 4.92.

Academic Awards

Certificate of Outstanding Achievement in Compsci 373	Graphics & Image Processing
Certificate of Outstanding Achievement in Compsci 345	Human-Computer Interaction
Certificate of Outstanding Achievement in Compsci 107	Computer Science Fundamentals
Certificate of Distinction in Stats 220	Data Technologies

Interests and Activities

I volunteer as a Sunday School teacher [2018 - Present], where I work in a team to manage a group of children while providing a structured lesson, reinforced with activities and morning tea.

I participated twice in the New Zealand Programming Contest, which challenged me, alongside two peers, to collaboratively write precise and efficient solutions to advanced problems.

Summary

I have completed my bachelor's degree, majoring in Computer Science, at The University of Auckland. I am now seeking an internship or job opportunity to further build upon my skill set, while providing meaningful solutions to real world problems.
